

# HELP REBUILD HAITI:

JOIN US FOR A HAITIAN JEWELRY PARTY!

Haitian parents like this mother struggle every day to feed themselves and their children. Many choose to abandon their children or give them up to orphanages. To give these families dignity, hope, and a chance to stay together, THE APPARENT PROJECT helps these parents learn creative skills in jewelry-making, book binding, sewing and decorative fine crafts. They in turn sell their goods at parties like the one YOU are being invited to. Come support their hard work and learn more about the Apparent Project's work to help Haiti trade its ashes for beauty.
