The **Apparent Project** is a
Non-Profit 501(C-3) dedicated to:

Helping parents rise out of extreme poverty
in order to keep their children

Finding families for parentless children

Making the needs of Haiti apparent to potential
helpers through media and the arts

Inspiring adoration of our loving Father God with
hope that one day He will be ApParent to all

Psalm 10:14 says, "But you see the trouble and the distress, and you will do something. The poor can count on you, and so can orphans." At the Apparent Project we believe that if this is genuinely true about God, it will also be true of those who follow Him. We would like to believe that if the people of God see the world's suffering and need with clarity and poignancy, they will do something about it.

However, today's trouble, distress, poverty, and parentlessness is often hidden away from the eyes of those with servant hearts surrendered to God. That is why we have been called to assist the many missions and service groups here in Haiti who are trying to get the word out about the needs of those they have been called to love and serve.

By providing free promotional videography to missionaries and Christian social workers we hope to broaden and strengthen the impact of their service, help network the service community, and recruit more workers to encourage and train Haitians for sustainable, Kingdom focused, abundant life in Christ. Special consideration is given to those ministries whose work keeps families together, raises up faithful and resourceful fathers, or provides family support for true orphans, widows, and abandoned mothers. All requests for free video service will be considered. If you are interested in a free promotional video for your service organization, mission, or ministry, please fill out the attached "Film Project Request Form" and send it to apparentproject@gmail.com. We hope our service can be a blessing to you
